

If I ever thought  
Things would get this far  
If I could've known  
That heart could be so hard  
When you're in it  
These things hit you by surprise  
And its so hard to undo  
All of these ties

And somehow  
I find  
That your green eyes  
Will shine  
Through the darkest  
Through the darkest  
Of lies

**chorus:**

But can't you see  
What you're doin to me  
Your disregard  
Has taken its toll  
But when its all said and done  
I'll be the one who's come undone  
But I will recover  
From you, my broken lover

Who'd have thought  
That behind that pretty smile  
Lay a smirk  
That would put me on trial  
And these things  
That you swear are for the best  
But all they ever did  
Was end up makin me depressed

And somehow  
I find  
That your motives  
Are lined  
With your lust  
For control of my mind

chorus

And from underneath this rubble  
I will stand  
No longer will you be  
My Rasputin  
Tonight I cut myself loose  
From these strings  
With humbled pride  
And I will be a wiser man

chorus

We each went  
Our separate ways  
And by me  
I guess that is okay  
As for you  
I hope things  
Work out for the best  
I know for me  
That is what I'm looking for  
I know for me  
That is what I'm hoping for
